

November 3, 2021

Dear National Healthy Start Colleagues,

Thank you for your hard work and commitment in addressing systemic barriers and advocating for equity in maternal and child health outcomes. We are grateful for the opportunity to share our work, and find ways to collectively build equity capacity. We are honored to be a part of this network, especially as we recognize an important milestone, the 30th anniversary of the Healthy Start Program.

The team at National Healthy Start Association (NHSA) look forward to introducing the goals of the Alliance for Innovation on Maternal Health Community Care Initiative (AIM CCI), a collaborative of partnerships with community organizations to uncover, address, and overcome systemic inequities that lead to poor maternal health outcomes.

Our team looks forward to connecting with you at the National Grantee's meeting this week and forging on-going partnerships in this critical work.

Kind regards,

A handwritten signature in black ink that reads "Deborah L. Frazier".
