Public Burden Statement: The purpose of this information collection is to obtain performance data for the following: HRSA grantees and cooperative agreement recipients, program operations, and reporting requirements. In addition, these data will facilitate the ability to demonstrate alignment between MCHB discretionary programs and the Healthy Start Program to quantify outcomes across MCHB. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0915-0338 and it is valid until 09/30/2026. Public reporting burden for this collection of information is estimated to average 0.15 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.

GENERAL INSTRUCTIONS

- This demographic form must be completed with all participants enrolled in Healthy Start for
 preconception, prenatal, postpartum, or parenting/interconception services; an enrolled father or partner;
 an "other adult" who is not enrolled in the program but has primary responsibility for/custody of an
 enrolled child; or an individual attending group-based health education sponsored/provided by the
 Healthy Start program.
- This form must be administered by a trained case worker or other Healthy Start grantee staff member to
 ensure consistency in responses across participants. It should not be self-administered or administered by
 staff who have not received training.
- Every form should include the individual's Unique ID# (UID) in Question G1. Each person's UID should remain the same across phases and years of participation in the program and should be in the format noted in Question G1.
